OVEN SAFE

3-PLY BODY

A premium 18/10 stainless steel inner layer bonded by a pure aluminum center core and a stainless steel outer layer create what is better known as 3-ply.

An optimum culinary surface which thoroughly distributes heat, not only from the bottom but also from the sides of the cookware.

SURROUND HEAT[®]

18/10 stainless steel

Aluminum core

Induction stainless steel

INTERIOR

Easy to clean 18/10 stainless steel with a graduated interior in a durable satin finish.

COVER

The adjustable close fit cover retains heat, flavors, natural juices, and steam.

EXCALIBUR™ NON-STICK (OPTIONAL)

Excalibur™ non-stick: the world's toughest, long-lasting, most durable nonstick especially designed for stainless steel cookware.

EXTERIOR

Premium grade stainless steel hand-polished to a mirror finish. Induction compatible.

HANDLES

Cast stainless steel handles are permanently attached with stainless steel capped rivets keeping them cool to the touch.
